## PROFESSIONAL SUMMARY

Frontend Developer with over 2+ years of experience in Angular 17+. Skilled in NgRx, API integration, and performance optimization. Experienced in e-commerce, LMS, and business portals. Passionate about building scalable, responsive, and interactive web applications. Strong problem-solving skills. Currently seeking an opportunity to contribute my skills in a challenging and growth-oriented environment.

## SKILLS

- **Frontend:** Angular 17+, NgRx, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap.
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, MySQL
- **Development Tools :** Git, Jira, Postman, VS Code
- **Soft Skills** - Problem-Solving, Agile Development, Communication, Team Collaboration

## PROFESSIONAL EXPERIENCE

### Software Developer | KDRT IT Solutions LLP (Apr 2023 – Present) | Pune, India

- Contributed to the development of the cart and payment gateway modules for an e-commerce platform using Angular 18, TypeScript, JavaScript, HTML, CSS, Bootstrap, and RESTful APIs.
- Implemented secure checkout flows and optimized user interactions by integrating MongoDB for efficient order and cart management.
- Currently contributing to a Doctor's Appointment Booking System built with React.js, Tailwind CSS, Context API, and MongoDB, focusing on responsive UI design and real-time scheduling features.
- Also involved in enhancing the Growbizz.in portal, improving business profile layouts and boosting overall user engagement.
- Collaborate with cross-functional teams in an agile environment to deliver scalable, user-focused web applications.

### Software Developer Intern | Itpreneur (Oct 2022 – Mar 2023) | Pune, India

- Contributed to the frontend development of a Learning Management System (LMS) as part of an agile team.
- Designed and implemented responsive, user-centric interfaces using HTML, CSS, JavaScript, and Bootstrap, enhancing overall user experience and interface consistency.
- Played a key role in improving layout performance and UI responsiveness across devices, laying a solid foundation for scalable frontend architecture.

**Assistant Financial Relationship Manager**  
IDBI Federal (June 2019 – June 2022) Nagpur, India

**Trainee Sub-Editor-cum Reporter**  
The Hitavada (May 2016 – May 2018) Nagpur, India

---

**PROJECTS**

- Gym Website – MuscleAura**
- **Technology:** HTML5, CSS3, Javascript
  - Designed user-friendly layouts with modern web design principles.
  - Utilized various CSS properties to enhance the visual appeal, including animations, transitions.
  - Created sections like membership plans, workout programs, and trainer profiles to provide a comprehensive user experience. <https://muscleaura.vercel.app/>
  - **Link:** <https://muscleaura.vercel.app/>

- Student Portal**
- **Technology:** HTML5, CSS3, Bootstrap, Javascript, Angular 18
  - Developed a CRUD application of Student Data Management System using Angular 17.
  - Implemented local storage for data persistence instead of using an API.
  - Applied key features like data binding, component-based architecture, and routing.
  - **Github Link:** <https://studentportal-flame-omega.vercel.app/>

- Personal Portfolio Website**
- **Technology:** HTML5, CSS3, Bootstrap, Javascript
  - Designed and developed a responsive portfolio website showcasing projects, skills, and experience. Implemented interactive UI elements and smooth navigation, enhancing user experience and accessibility.
  - **Github Link:** <https://anandsportfolio-olive.vercel.app/>

---

**CERTIFICATION**

**Learn JavaScript – IBM SkillsBuild & Codecademy**

Completed a 30-hour course on JavaScript fundamentals through IBM SkillsBuild in collaboration with Codecademy, covering core programming concepts, problem-solving techniques, and interactive web development. **(Completion Date: 20 Feb 2025)**

---

**EDUCATION**
